Welcome to the FRAMECAD Connect programme. Please provide the information outlined below so we can create the FRAMECAD Connect page for your business.

Please submit all required information (text and images) via the online form or by emailing the marketing team (marketing@framecad.com)

Your FRAMECAD Connect page can evolve over time, the mandatory phase is only Phase 1 - Company Page. The other steps can be completed at a later time.

Content Requirements

Company Page
Phase 1/ Company Page - Mandatory

Text
Intro section: 50-100 words about your company, its area of focus and what you can offer potential customers.

Other paragraphs: 50 – 100 words further words about your business, your products and services

Images
Images (PNG/JPG) of at least 542 x 325 pixels for the main image on your page

---

Case Study
Phase 2/ Case Study - Optional

Case studies are short to medium length articles that discuss a project completed using the FRAMECAD System. Click here to see examples of current case studies.

Text
These articles should be about 500 words in length
Images
3-5 images of the finished project and/the project in process. Photographs/images should be at least 540 x 325 pixels.

FRAMECAD is available to assist you in carrying out an interview with your staff and producing these case studies. Please contact us if you require our assistance.

Notes

Your page will be published in a timely manner after you have provided the content, but publication is not instant. Please check that your content fits within the above requirements to ensure the efficient production of your page.

Content is to be provide in **English**

We will be in touch with you if there are any additional content requirements
